I think his conduct of this case suggests a conflict between his private and his official duty, and not his knowledge as his own [illegible] Course which may or may not [illegible] all his subjects which his Ministers have decided. The bill may pass.

GEN & REV. SECTT.
L. 9 - JUL 1921

To

The Secretary to the Government of Mysore,

Revenue Department, BANGALORE.

Sir,

I have the honour to state that Government Order No.G. 8629-30-Med.22-20-4, dated 28th October 1920, sanctioned the grant of fees at certain rates to examiners in connection with the final examination of students in the Medical School.

2. Accordingly, bills for the remuneration due to the several examiners, who conducted the Board Examinations of the Medical School in April last, were forwarded to the Comptroller for pre-audit. But that officer has disallowed a major portion of the claim on the ground that the Government Order sanctions remuneration only for the final examination and not for examination of the students of the intermediate years and has passed only the fees for examination of the final year students.

3. Now, the final year subjects form only a part of the qualifying test for Sub Assistant Surgeons. The Board Examination held at the end of each year in the subjects taught in the several classes is the final (qualifying) examination in each of those subjects, as distinguished from the ordinary or class examinations. In no subjects is the Board Examination held more than once, except it be a re-examination in the case of failed students and for this, no remuneration is paid. Moreover, the wording used in the Government Order is "Final Examination" and not "final years' Examination" or "Examination of final year students" as the Comptroller would seem to have it. The practice obtaining in Madras also supports my view.
